MEMORANDUM FOR: CIA MANAGEMENT OFFICER

SUBJECT: Proposed T/O Revision

1. The operational responsibilities of the Far East Division, OPC, have increased so sharply since the T/O of this Headquarters organizational element was established last June that it is now considered necessary to revise this T/O accordingly.

2. Further study will be required before the Division's T/O needs at branch level will be known. Meanwhile, it is requested that the attached T/O for the staff elements serving the branches within the FE Division be approved.
